Purchase Terms

CGI STUDIO Terms and Conditions:

Scope includes one round of mark-ups at each stage, thereafter an hourly rate will be charged at \$150 p/h. This will be specified before proceeding. We encourage consolidated feedback to avoid additional charges.

- Turnaround is 5 weeks from the signed off quote. Any delays in not receiving requested information or timely feedback will affect the overall delivery.
- Feedback is expected within 1-2 days for the timeline to stay on track.
- Payment terms are 30% prior to commencement and 70% prior to delivery and release of final model.
- Once the quote is accepted, the process guideline and RFI document will be issued outlining the requirements for commencement.

EnvisionVR Terms and Conditions:

- We have allowed for two stages of review and comments/ changes. If any more are required they will attract a surcharge and will be invoiced separately.
- All prices are exclusive of GST and local taxes.
- EnvisionVR will not commence work until 100% of payment is received into our account. All additional changes to work that are agreed by both parties are to be charged for accordingly.
- Quotes are valid for 30 days.
- Instruction to proceed with EnvisionVR Services is given to be acceptance of all terms and conditions, as outlined in clause 6. Our full terms & conditions can be viewed at <https://envisionvr.net/privacy-policy/>

Note:EnvisionVR is optimised to run on a wide range of mobile devices, each with different levels of available memory. We will take every possible step to faithfully recreate the supplied architectural visualisations model in your EnvisionVR experience, however some plants and features may not be able to be converted due to memory limitations. No allowances have been made for phone, tablet or VR headset hardware. The EnvisionVR apps are available on all major AppStores and will work on all modern devices - for a list of fully compatible devices please refer to our website. EnvisionVR provides all necessary virtual and/or online training and support to setup our app on your devices.
